To our Whittier Family:

It is with mixed emotions that we announce the change in ownership of the six Whittier skilled nursing facilities.

The Atlas Healthcare Group will assume operations sometime in mid-to-late March, 2025. We believe them to be first-class operators and know that they will continue to operate, as Whittier has always done, by putting the patients' and residents' best interests first. We believe Atlas will carry on the mission that our father, Dr. Arcidi, started so many years ago: to treat our patients, residents, and staff as if they are family. As we are required to do by the Department of Public Health, we are enclosing here a copy of the notice that was recently published about this transaction.

While we will continue in the care community with our two rehabilitation hospitals and their TCUs, you have all been our extended family and we are sad to say goodbye. We have been privileged to have had the opportunity to make a difference in your lives and are so grateful to you for your continued faith and trust in us.

We thank you for your dedication and loyalty throughout these many years. We wish Atlas the best and we know you will continue to thrive with them in the lead.

With many thanks,

The Arcidi Family
